19 February 2009

Mr Ken O'Driscoll
Chief Executive Officer
BSN – Nutrition Systems
9 Foundry Street
MAYLANDS WA 6051

Dear Ken,

On behalf of the Fremantle Football Club, I would like to acknowledge Nutrition Systems as the Club's preferred supplement provider. By providing the BSN range of supplements to the Club, Nutrition Systems have played a key role in the training and recovery of Fremantle Football Club players.

It is particularly important for the Fremantle Football Club to ensure that our players recover quickly in what has been a long and intense pre-season training. Syntha-6, BSN's ultra-premium sustained-release protein powder, is a key ingredient in the Club's recovery strategy. It has enabled the players to train more than ever and most importantly, recover quicker.

BSN ensures that Fremantle players get back up quicker and therefore, has played an important role in ensuring that we are best prepared for the 2009 AFL Season!

As always, the Fremantle Football Club is proud of its association with Nutrition Systems and BSN and looks forward to a continued partnership.

Yours sincerely,

Darren Beazley
General Manager – Strategic Partnerships
